---

Jobs Plaza is a newest template from us that is dedicated to Joomla web with job vacancy directory themes, so that with Jobs Plaza, you can make the job vacancy directory web easier using Joomla.

Jobs Plaza is completed with a specially-made component to support the functionality of Jobs Plaza, which is called TPJobs. TPJobs is completed with payment integrity using Paypal or bank transfer, so you have the control to determine how much the price of job vacancy at your website or you can make it free of charge, of course.

Not only that, but this Joomla! template is packed with fascinating features such as :  
 Smoother navigation features, your job directory website will be much easier to build in
